About Our Solution

Our **comprehensive solution** leverages experience, relationships, contracts, and technology to help your organization achieve its financial and operational goals.

What We Do

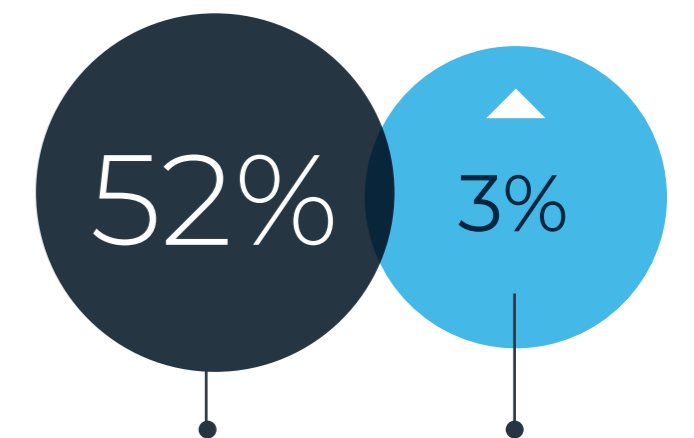

Recognized as one of the TOP 10 Supply Chain Management Solution Providers for the past 3 years.

Sterling Healthcare Logistics and our proprietary technology ACXSS has been recognized as one of the top contributors to the healthcare supply chain management sector of 2017, 2018 and 2019.

ACXSS is an intelligent single-source multi-vendor marketplace and dashboard that streamlines the purchasing process, enhances existing systems and improves operational efficiencies. The ACXSS software is a scalable comprehensive solution for any size or type of healthcare organization and enables multiple connections within vendors, GPOs and services, allowing organizations to better manage their purchase order life-cycle and identify cost-savings opportunities in their supply chain.

ACXSS is your source of truth to potentially grow your business and improve your organizations bottom line. Easily manage orders for multiple vendors made from multiple office locations with our user friendly administrative console. Get an instant snapshot of your organization with our spend management dashboard.

Follow the entire order life cycle with our three-way matching. From industry best reporting to multi-level permission and approval structures, complete oversight at your fingertips.

More than half of healthcare executives say that an efficient SCM solution can grow operating margins by at least 1% to 3%
